

# Mega Conference 2014

Arizona's Rising Stars

Changing the paradigm to support a  
culture of informed decision making

# Objectives

## Knowledge

- Understand key components of PDSA
- How to use PDSA

## Practice

- Applying the PDSA cycle
- Document your work
- Reflect on the impact of PDSA

*"It is not enough to  
do your best; you  
must know what to  
do, and then do your  
best."*

*W. Edwards Deming*

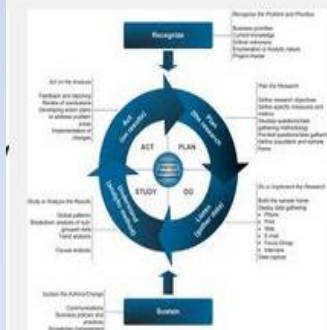

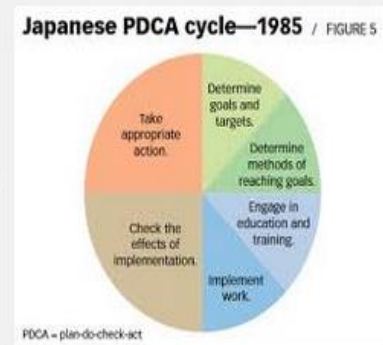

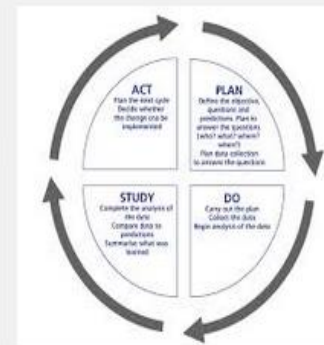

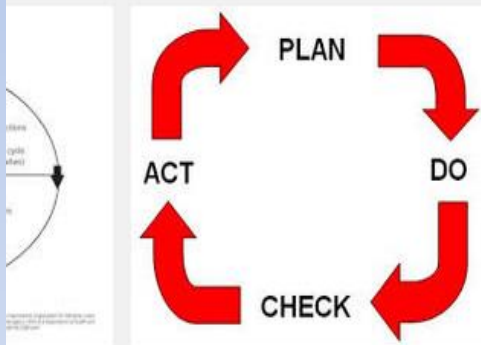

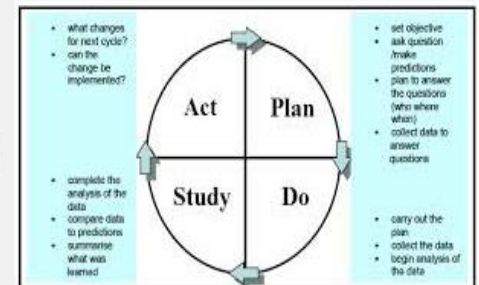

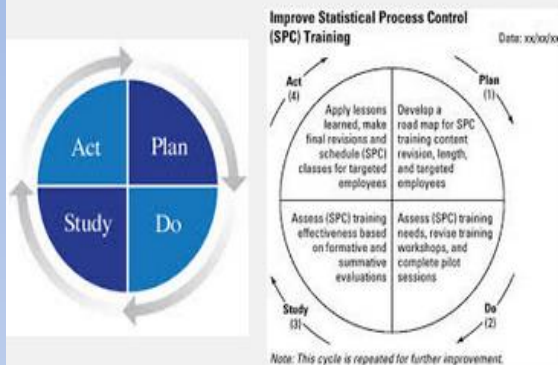

## **PDSA: Improvement Cycle for PLCs**

a process for change

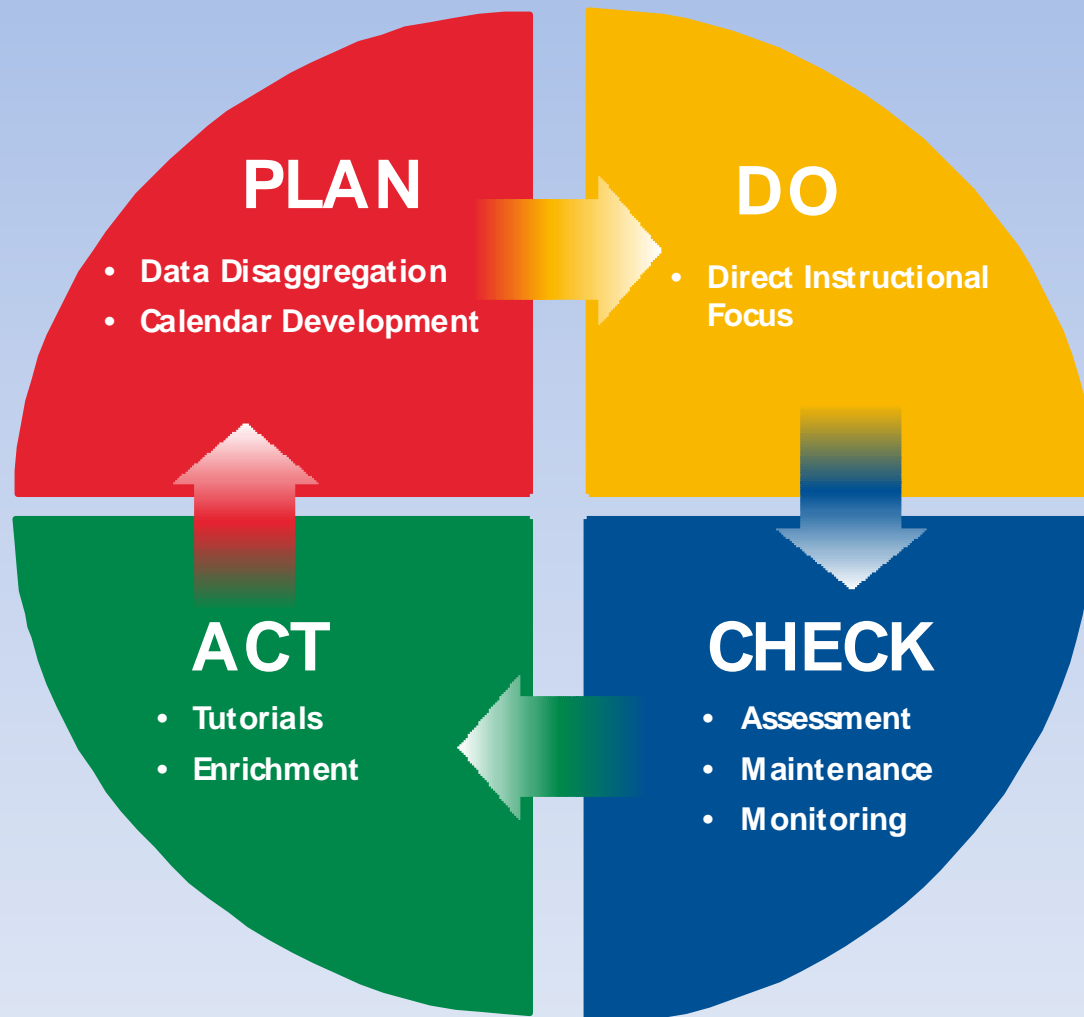

a problem solving process

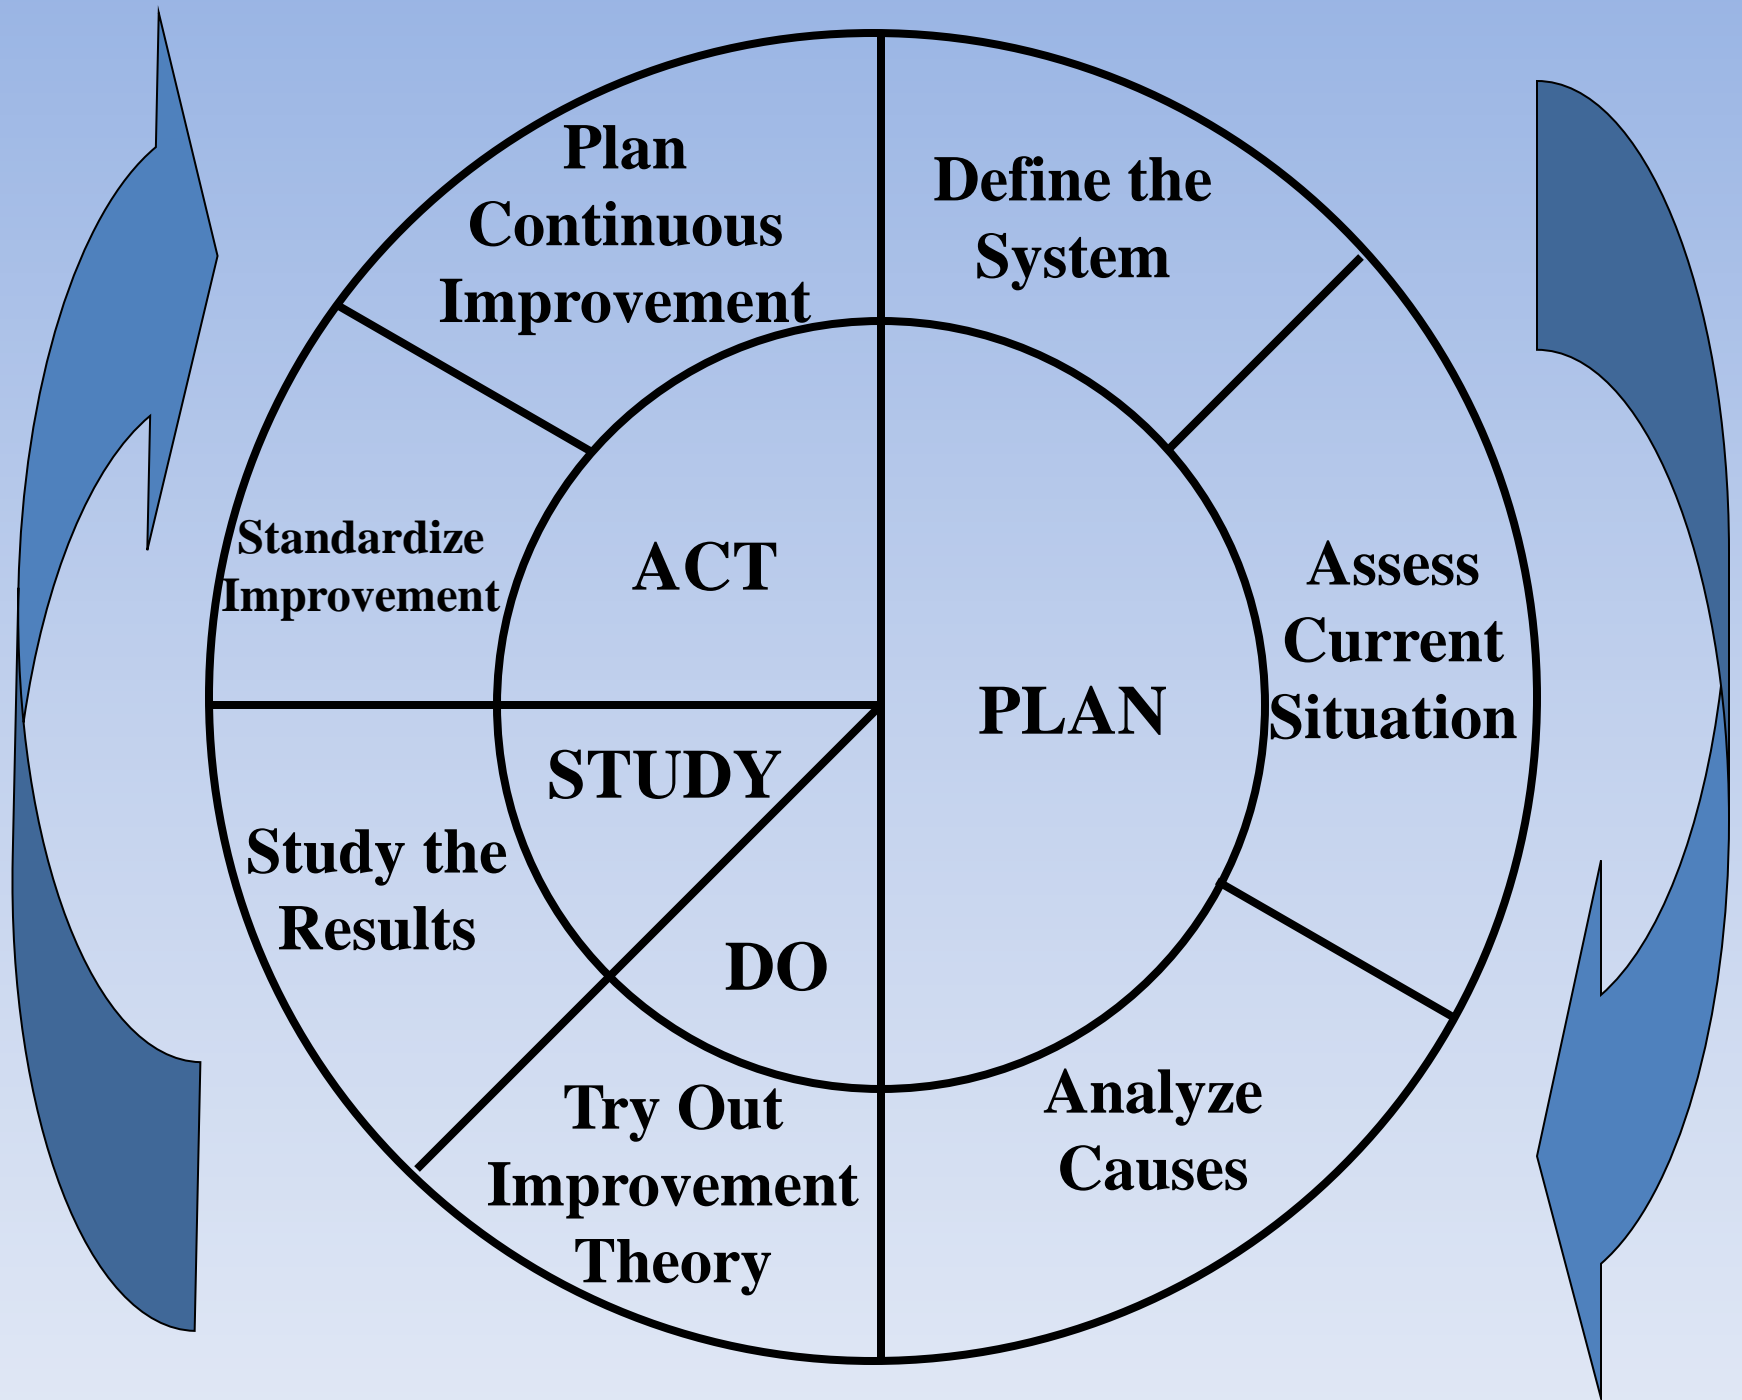

a way to overcome barriers

classroom-level to LEA-level

# Plan/Do/Check/Act Cycle

FIRST GRADE  
TEAM

## PLAN

*What is the current problem?*

*What is the current problem?*

## Parent Survey for Grade One

Please fill out this survey. Your information will remain confidential. We would like to express our appreciation for your participation. We will use the information you provide to help us improve our program.

Question	Yes	No
1. I am satisfied with the quality of the program.		
2. I am satisfied with the quality of the staff.		
3. I am satisfied with the quality of the facilities.		
4. I am satisfied with the quality of the curriculum.		
5. I am satisfied with the quality of the staff.		
6. I am satisfied with the quality of the facilities.		
7. I am satisfied with the quality of the curriculum.		
8. I am satisfied with the quality of the staff.		
9. I am satisfied with the quality of the facilities.		
10. I am satisfied with the quality of the curriculum.		

Thank you for your participation.  
The School Board

### GRADE ONE ACTION PLAN

Checklist of items to be completed by the end of the year:

- ✓ ☐ The student can read with fluency.
- ✓ ☐ The student can write with fluency.
- ✓ ☐ The student can understand and use language.
- ✓ ☐ The student can use language to express ideas and feelings.

Student's name: \_\_\_\_\_

Student	Teacher	Parent
<p>✓ <input type="checkbox"/> Reading with fluency</p> <p>✓ <input type="checkbox"/> Writing with fluency</p> <p>✓ <input type="checkbox"/> Understanding and using language</p> <p>✓ <input type="checkbox"/> Using language to express ideas and feelings</p> <p>✓ <input type="checkbox"/> Reading with fluency</p> <p>✓ <input type="checkbox"/> Writing with fluency</p> <p>✓ <input type="checkbox"/> Understanding and using language</p> <p>✓ <input type="checkbox"/> Using language to express ideas and feelings</p>	<p>✓ <input type="checkbox"/> Reading with fluency</p> <p>✓ <input type="checkbox"/> Writing with fluency</p> <p>✓ <input type="checkbox"/> Understanding and using language</p> <p>✓ <input type="checkbox"/> Using language to express ideas and feelings</p> <p>✓ <input type="checkbox"/> Reading with fluency</p> <p>✓ <input type="checkbox"/> Writing with fluency</p> <p>✓ <input type="checkbox"/> Understanding and using language</p> <p>✓ <input type="checkbox"/> Using language to express ideas and feelings</p>	<p>✓ <input type="checkbox"/> Reading with fluency</p> <p>✓ <input type="checkbox"/> Writing with fluency</p> <p>✓ <input type="checkbox"/> Understanding and using language</p> <p>✓ <input type="checkbox"/> Using language to express ideas and feelings</p> <p>✓ <input type="checkbox"/> Reading with fluency</p> <p>✓ <input type="checkbox"/> Writing with fluency</p> <p>✓ <input type="checkbox"/> Understanding and using language</p> <p>✓ <input type="checkbox"/> Using language to express ideas and feelings</p>

☐ Parent's name: \_\_\_\_\_  
☐ Teacher's name: \_\_\_\_\_  
☐ Student's name: \_\_\_\_\_

The student is a member of the \_\_\_\_\_ class.

## STUDY

*How will we know if our implementation plan is working?*

*How will we know if our implementation plan is working?*

### Parent Survey Summary for Grade One

Thank you to all parents who participated in our survey.  
 Please keep in mind that the survey was anonymous. Thank you for  
 your input.

question	yes	no	total
Do you allow your child to watch television during the week?	20	15	35
Do you allow your child to watch television during the weekend?	15	4	19
Do you allow your child to watch television during the school day?	19	14	33
Do you allow your child to watch television during the school day?	19	5	24
Do you allow your child to watch television during the school day?	19	9	28
Do you allow your child to watch television during the school day?	19	9	28
Do you allow your child to watch television during the school day?	19	9	28

1. Do you allow your child to watch television during the week?  
 2. Do you allow your child to watch television during the weekend?  
 3. Do you allow your child to watch television during the school day?  
 4. Do you allow your child to watch television during the school day?  
 5. Do you allow your child to watch television during the school day?  
 6. Do you allow your child to watch television during the school day?

# ACT

*What are results telling us?*

### What are results telling us?

# Aspects of Data-Driven Decision Making

- Review the checklist

# Essentials for PDSA

1. Leadership team
2. Collect data
3. Analyze data
4. Develop hypotheses
5. Set goals - SMART
6. Define strategies
7. Evaluate
8. Follow through

A blue chevron graphic pointing to the right, with the word 'Practice' written in white text inside it.

# Practice

- Applying the PDSA cycle
- Document your work
- Reflect on the impact of PDSA

# Looking at the Data

1. What does the data tell us?
2. What does the data not tell us?
3. What are causes for celebration?
4. What are opportunities for improvement?
5. What are our next steps?

# All Students All Grades

## AIMS Percent of Students Passing

AIMS > All Grades > 2012 - 2014

Red = Reading

Black = Math

Orange = Science

Pink = Writing

Mountain District = 5 elementary    1 middle school    1 high school

# All Students 3<sup>rd</sup> Grade

## AIMS Percent of Students Passing

AIMS > 3rd Grade > 2012 - 2014

# All Students 4<sup>th</sup> Grade

## AIMS Percent of Students Passing

AIMS > 4th Grade > 2012 - 2014

# All Students 5<sup>th</sup> Grade

# School 1 – grade 3

## AIMS Percent of Students Passing

AIMS > 3rd Grade > 2012 - 2014

# School 2 – Grade 3

## AIMS Percent of Students Passing

AIMS > 3rd Grade > 2012 - 2014

# School 1 – Grade 4

## AIMS Percent of Students Passing

AIMS > 4th Grade > 2012 - 2014

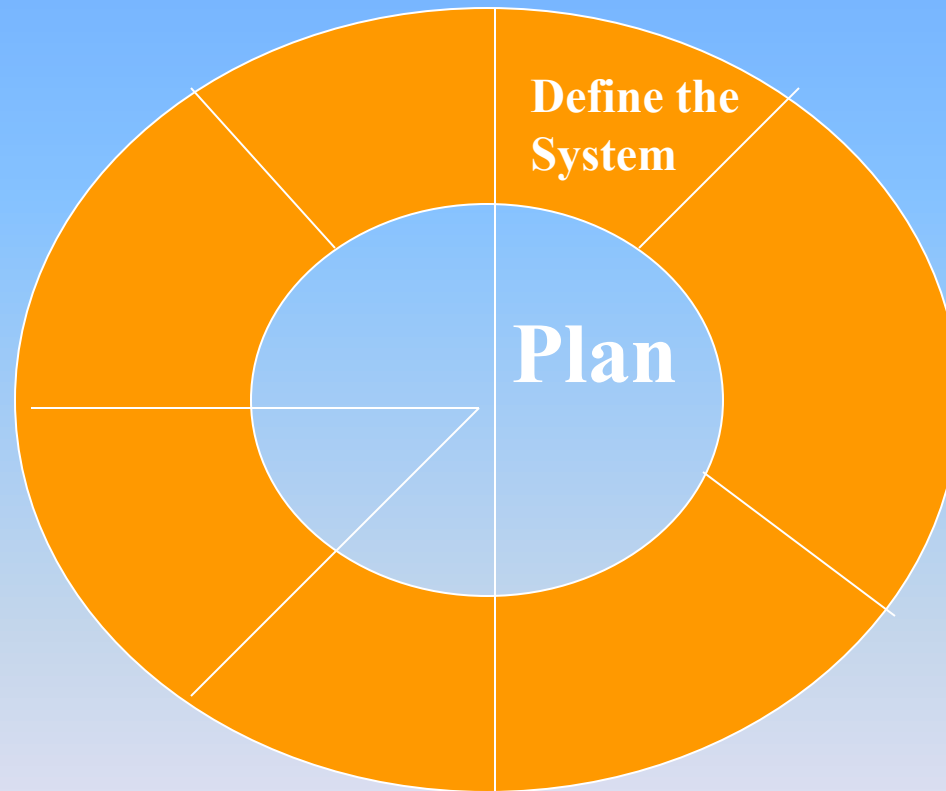

# School 1 – Grade 5

## AIMS Percent of Students Passing

AIMS > 5th Grade > 2012 - 2014

# The Problem- **20%** of Students are not proficient in mathematics

Collect some **other data** to  
determine specific problems.

# What other data?

Program evaluations

Teacher and staff data

Other assessment data

Professional development impact

Financial data – available resources  
amount expended

# Figure out what's causing the problem.

Try something *different* to improve mathematics results – apply the research.

**SMART GOALS**

# Effectiveness

- 3 most common staffing decisions
  - Teachers/ interventionists (HQ)
  - Paraprofessionals (HQ)
  - Coaches - guidelines on our web page

<http://www.azed.gov/no-child-left-behind/files/2014/07/title-i-instructional-coach-guidelines.pdf>

- 3 most common program designs (how much time?)
  - Intervention by specialist
  - Tutoring or extra time – after school
  - Summer school

# What other data?

Program evaluations

Teacher and staff data

Other assessment data

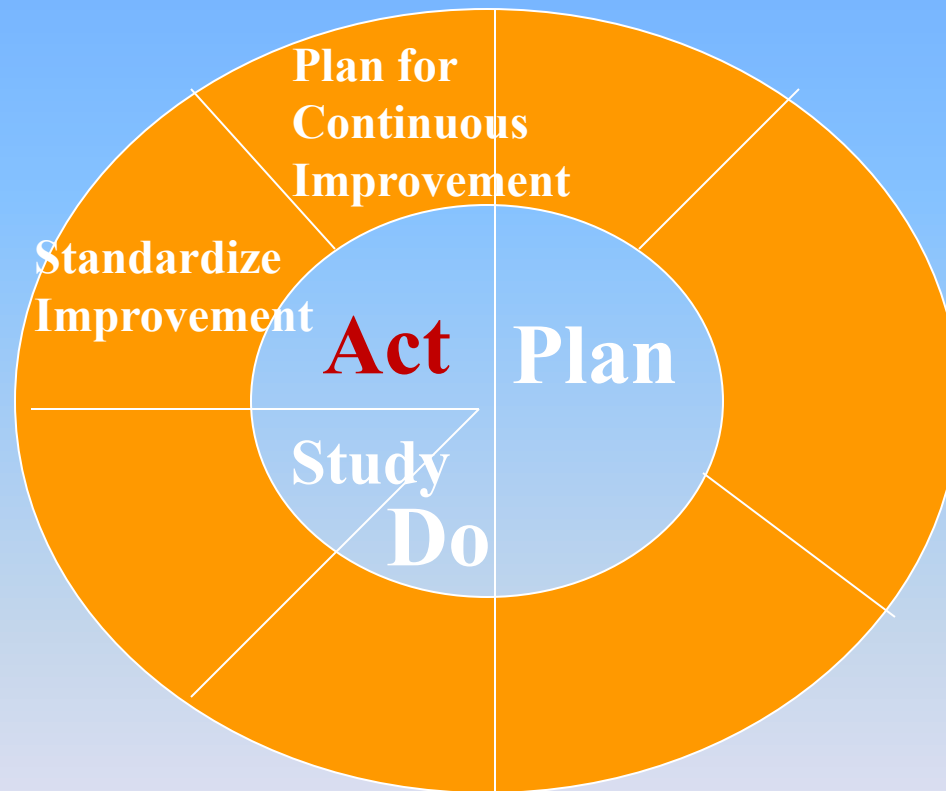

Professional development impact

Financial data – available resources  
amount expended

How did our **strategy** work? Did we make improvements?

# If it worked, standardize our improvements.

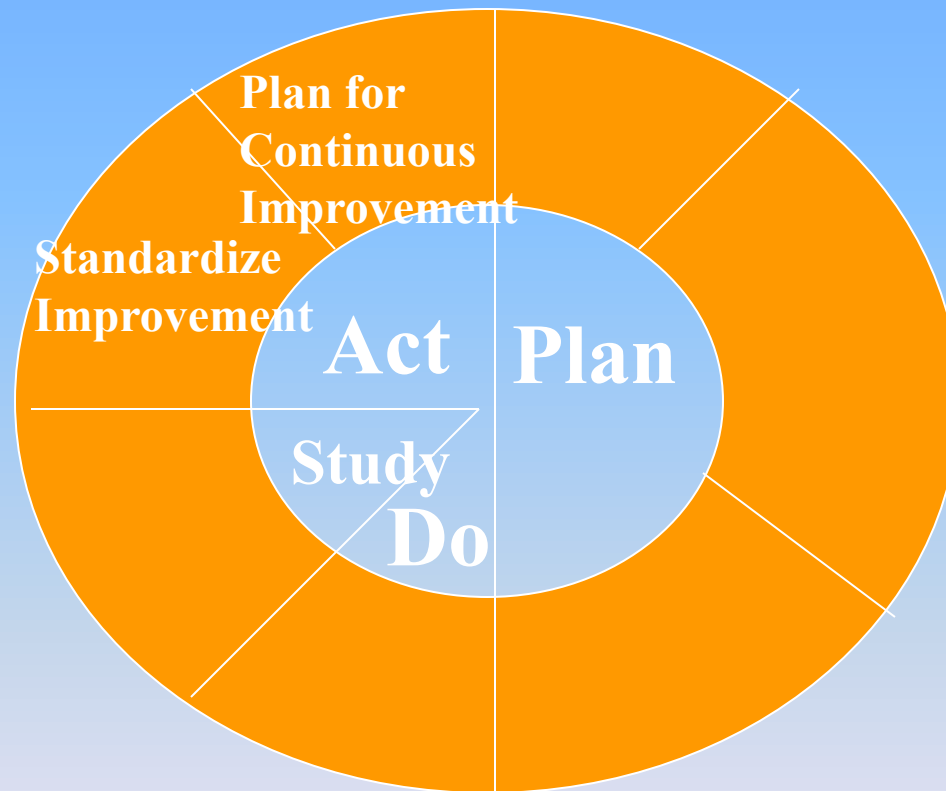

If it didn't work, cycle back to  
analyze and make adjustments

Try something *different* to  
improve mathematics results.

# If it worked, standardize the improvements.

# Intersection of Plan and Budget

**Effective** Use of Resources – Should we keep doing this?
